

Spring Garden Villas  
8800 Garden Grove Blvd. Garden Grove, CA 92844

**EMERGENCY CONTACT INFORMATION**

When there is an emergency at the Spring Garden Villas it may be necessary to notify residents and/or owners of a situation immediately. An example of the importance of contacting the residents may be due to a plumbing emergency in your home or in the adjacent building or to notify you of an incident that has happened that affects your property or the common areas. Since we do not have keys to individual units these numbers are critically important. If you do not have a number where you can be reached, and the board deems the matter urgent, the board will enter your unit without permission and any resulting damage is the responsibility of the owners of the affected unit.

Please cooperate with the Board of Directors request that you furnish a phone number for owners/residents to be kept for emergency purposes.

NAME(S): \_\_\_\_\_

UNIT #: \_\_\_\_\_

WORK #(S): \_\_\_\_\_
